

CITROËN C5 AIRCROSS SUV

*flexible and comfortable
- a true SUV*

The Citroën C5 Aircross SUV is effortlessly comfortable, with class-leading flexible space.

* Roof rack and red anodised colour packs are not available for Citroën C5 Aircross SUV in Singapore.

To find out more about the C5 Aircross SUV simply scan this code with your smartphone.

the interior, refined

The moment you open the door, you'll sense it. The Citroën C5 Aircross SUV welcomes you with a rare mix of refined comfort and space. Settle in and you'll quickly appreciate the high driving position, great visibility and prestigious feel. The horizontal lines of the dashboard subtly incorporate a range of useful technology, such as the 8" touch screen.

Expressing yourself on the inside is made easier thanks to Metropolitan Ambiance.

* Advanced Comfort Seat is not available for Citroën C5 Aircross SUV in Singapore.

CITROËN
WORLD
EXCLUSIVE

the flying carpet effect

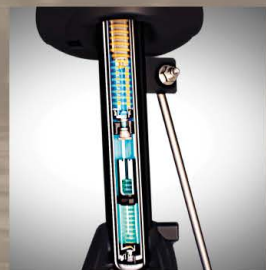

Exclusively developed by Citroën, the suspension with Progressive Hydraulic Cushions® redefines pure driving comfort. Smoothing away both large bumps and minor surface imperfections, it makes the Citroën C5 Aircross SUV feel like a flying carpet. Stability and dynamics are also assured. Welcome to the best of both worlds.

* Roof rack and red anodised colour packs are not available for Citroën C5 Aircross SUV in Singapore.

bumps are history

Ordinary suspension makes do with a shock absorber, a spring and a mechanical bump stop. With Progressive Hydraulic Cushions® you get special hydraulic cushions on either side, for rebound and compression. The result is a ride that takes everything in its stride, smoothly.

When big bumps are encountered, the hydraulic cushions keep suspension movement controlled and progressive.

With minor road imperfections, the cushions simply absorb it all, giving that relaxing flying carpet ride.

* Advanced Comfort Seat is not available in Citroën Singapore.

full-sized rear seats

With three individual rear seats of the same width, the Citroën C5 Aircross SUV provides the same level of comfort and space, wherever you're sitting. They also have the ability to slide up to 150mm. When you need serious carrying capacity, the rear seats fold to reveal a perfectly flat floor.

* Advanced Comfort Seat is not available in Citroën Singapore.

change your space

You can reconfigure the roomy, flexible interior of the Citroën C5 Aircross SUV to suit your needs. Sliding, reclining and foldable rear seats make it easy.

BOOT VOLUME

CITROËN
C5 AIRCROSS SUV
UP TO
670L

room for everything

The Citroën C5 Aircross SUV has a roomy 580l boot, but this is just the beginning of the story. Move the rear seats to their furthest forward position and you've got up to 670l, giving you the most generous boot in its class. When rear seats are folded there's an amazing 1630l, and thanks to a clever folding mechanism the boot offers 2 perfectly flat floor heights.

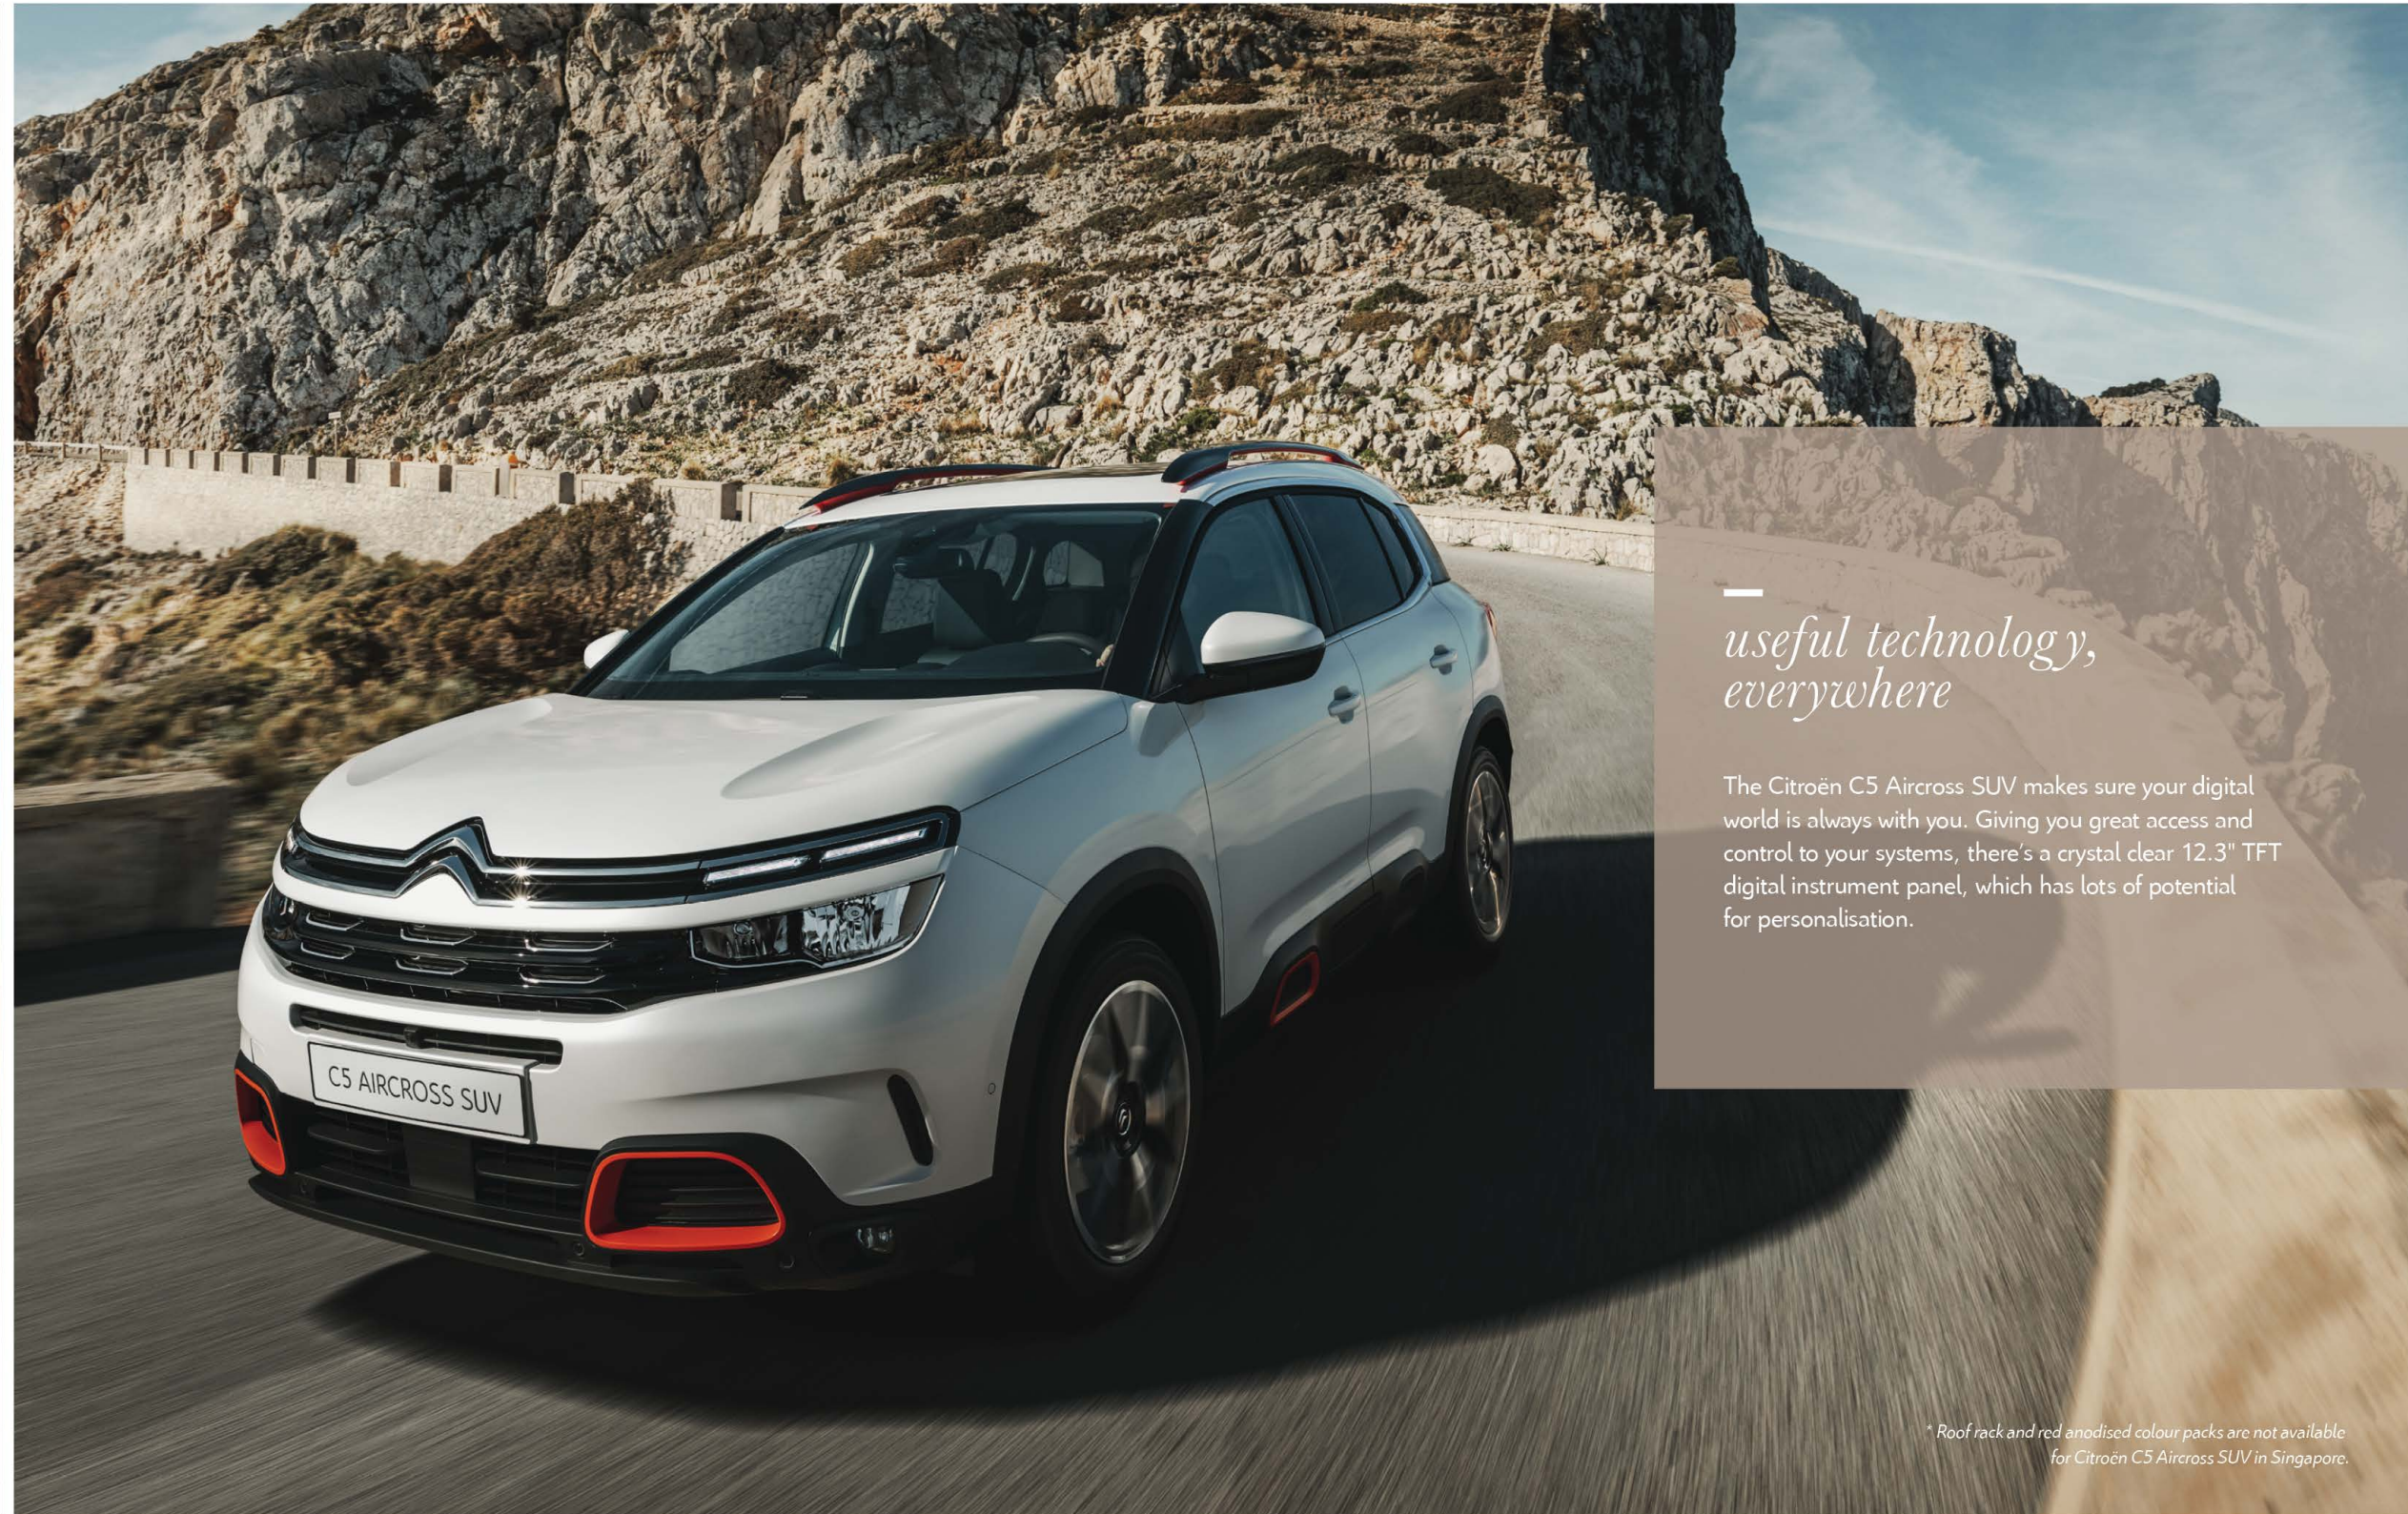

intelligent storage

Part of being truly comfortable when you're travelling is having a perfect place for everything you need. The Citroën C5 Aircross SUV has plenty of useful storage solutions. There is a large compartment under the central armrest, whilst the glove box and door pockets are roomy too. You'll also appreciate the large storage area at the front of the centre console.

—
*useful technology,
everywhere*

The Citroën C5 Aircross SUV makes sure your digital world is always with you. Giving you great access and control to your systems, there's a crystal clear 12.3" TFT digital instrument panel, which has lots of potential for personalisation.

innovative driving apps

MIRROR SCREEN

This intelligent app uses the touch screen to mirror your smartphone, displaying all driving compatible apps. Depending on your phone model, apps can be controlled by voice, so you can keep your eyes on the road. The system is compatible with Android Auto and Apple CarPlay™.

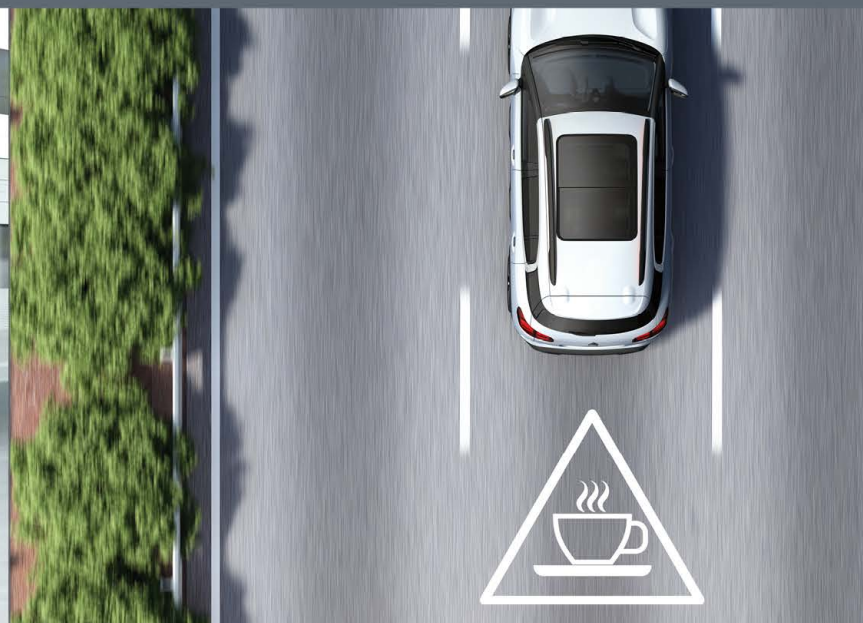

Safety and driver aid systems

ACTIVE SAFETY BRAKE

This is a reassuring safety feature that minimises the risk of collisions. Working from speeds of 3 mph, it detects both fixed or moving obstacles as well as pedestrians. If it detects a collision risk, Active Safety Brake sends an alert to the driver, and if they don't react, the system stops the vehicle automatically.

COFFEE BREAK ALERT

When it's time to take a break, this system sends you a warning. It activates once you've been driving for 2 hours continuously at more than 40 mph.

LANE KEEP ASSIST

This system uses a camera which recognises solid and broken lines on the road. If the line is approached without the indicators being activated, the steering will gradually counter-steer to keep the vehicle in its initial lane. This helps to combat a lack of alertness on the part of the driver.

SPEED LIMIT RECOGNITION AND RECOMMENDATION

Keeping you fully informed of speed limits at all times, this innovation uses a camera to detect signs, so that you can adjust your cruise control or speed limiter to match. It also detects Stop, One Way and No Overtaking signs.

Safety and driver aid systems

KEYLESS ENTRY AND STARTING

Convenient and ingenious, you can now lock and unlock without even taking your key out. The vehicle recognises you as you approach.

ELECTRIC PARKING BRAKE

Safe and easy, the Electric Parking Brake applies automatically when the engine is switched off and releases when you move away. You can also use it manually using the control paddle.

HILL START ASSIST

Designed to prevent unwanted movement when you release the brake pedal on slopes, Hill Start Assist works on gradients over 3%. It holds the vehicle for about 2 seconds, giving you time to move calmly from brake to accelerator pedal.

FOG LIGHTS WITH STATIC CORNERING FUNCTION

Providing an additional light beam on the inside of bends, this innovation makes tricky bends and junctions safer and easier to navigate.

*smooth changes,
extra efficiency*

The Citroën C5 Aircross SUV is available in the latest EAT8 automatic with 8 speeds. More fuel efficient than ever, it's also a joy to use, providing incredibly smooth shifts between gears. You can also change gears manually if you want to, using the steering wheel mounted paddles, slipping seamlessly back to automatic whenever you wish.

the latest petrol power

Featuring the latest advances for maximum driving pleasure, the Citroën C5 Aircross SUV is available in 1.2L Turbocharged PureTech engine with 129hp and 230Nm.

* Roof rack and red anodised colour packs are not available for Citroën C5 Aircross SUV in Singapore.

CITROËN CARE

At Cycle & Carriage, we take pride in the competence of our after-sales staff, who are well-trained and fully qualified to look after your CITROËN vehicle. Our team is always kept up-to-date with the latest developments in the automotive industry, thanks to a rigorous ongoing training programme conducted by our in-house trainers, as well as trainers from the Manufacturer.

With more than a century-long history in the automotive industry in Singapore, you can entrust your vehicle to Cycle & Carriage, knowing that we use the latest recommended diagnostic system – Diagbox, from the Manufacturer. We also use Grade A genuine parts and the right specifications of lubricants and consumables, so as to keep your CITROËN vehicle running at its optimal condition. This is especially important in a hot and humid climate like Singapore.

FOR ADDED PEACE OF MIND, ALL CITROËN CARS COME WITH A TOTAL OF 3 + 2 YEARS/200,000KM WARRANTY (WHICHEVER IS EARLIER).

For more information on aftersales services and a hassle-free booking, please download the **myC&C** app.

This brochure is intended to demonstrate the general appearance of the CITROËN C5 AIRCROSS. Some of the photographs depict left-hand drive vehicles whose specifications may not necessarily conform to vehicles imported into Singapore. Cycle & Carriage France Pte Ltd reserves the rights, whilst preserving the essential characteristics of the models described, to introduce at any time modifications and changes of details, equipment or accessories considered necessary.
